IMMIGRATION INFORMATION

YOUR DATE OF ENTRY INTO THE U.S.

You can enter the U.S. up to 30 days before the start date stated on your I-20 or DS-2019.

FORM I-20

Once you are accepted into an SEVP-certified school, your school's designated school official will send you a document called the Form I-20, "Certificate of Eligibility for Nonimmigrant Student Status." The Form I-20 is a paper record of your information in our Student and Exchange Visitor Information System (SEVIS) database. Each school that accepts you will mail you a Form I-20.

FORM I-20 USES

The Form I-20 is an important document that you should keep safe, as you will need it throughout the international student process. For more information about the I-20 go to: Study in the States studyinthestates.dhs.gov/students/prepare/students-and-the-form-i-20

SEVIS

The Student and Exchange Visitor Information System (SEVIS) is the Web-based system that the U.S. Department of Homeland Security (DHS) uses to maintain information on Student and Exchange Visitor Program (SEVP)-certified schools, F-1 and M-1 students who come to the United States to attend those schools.

After receiving your Form I-20, you must **pay the I-901 SEVIS Fee.**

Federal regulations require all F, M and J students pay the I-901 SEVIS Fee before applying for their U.S. student visa. You can pay your I-901 SEVIS Fee online at FMJfee.com or by using [Western Union Quick Pay](#). You must present the receipt as proof of payment when you apply for visa. It's important that the SEVIS ID number on your I-901 SEVIS Fee receipt matches your SEVIS ID number on your Form I-20. If it does not, or you encounter other issues paying your fee, please contact SEVP.

HOW TO GET A VISA:

Before you begin your F-1 visa application, you must take the following steps:

- Get accepted by a SEVP-certified institution before submitting your visa application. When you are accepted, you will receive your I-20 form, which you will need to apply for your F-1 visa.
- Pay your SEVIS fee.
- Complete your DS-160 visa application.
- Schedule your visa interview.
- Attend your visa interview.

VISA REQUIRED DOCUMENTS:

- A valid passport

- A copy of the photo you will use for your visa
- Printed copies of your DS-160 and I-901 SEVIS payment confirmations
- I-20 form
- School transcript and official test scores cited on your university application
- Diploma (if applicable)
- Bank statements or other proof of finances

WHEN & WHERE APPLY TO YOUR VISA

You can schedule your F1 visa interview with the U.S. embassy or consulate. An F1 student visa for the USA can be issued up to 120 days in advance of your course of study start date.

TIPS FOR YOUR VISA INTERVIEW

1 - Ties To Home Country

Under United States law, all applicants for non-immigrant visas are viewed as intending immigrants until they can convince the consular officer that they are not. Be prepared to show that you have reasons for returning to your home country that are stronger than those for remaining in the United States.

2 - Be Clear and Brief

Anticipate that the interview will be conducted in English. Keep your answers to the officer's questions short and to the point. Because of the volume of applications received, all consular officers are under considerable time pressure to conduct a quick and efficient interview.

3 - Be prepared to explain your major and how it fits your future career plans

You should be able to explain the reasons your study in a particular major and how studying in the U.S. relates to your future professional career when you return home.

4 - Employment

Your main purpose in coming to the United States should be to study, not for the chance to work before or after graduation. You must be able to clearly articulate your plan to return home at the end of your program

5 - Maintain a Positive Attitude

Do not engage the consular officer in an argument. If you are denied a student visa, ask the officer for a list of documents he or she would suggest you bring in order to overcome refusal, and try to get the reason you were denied in writing.

PREPARING FOR YOUR ARRIVAL

BEFORE ARRIVING TO THE U.S., YOU MUST OBTAIN:

- A valid passport
- Stamped F-1 Visa (not required for Canadians students)
- Form I-20

PASSPORT

A passport is issued by the student's home country. It must be valid at all times, especially if student will be traveling and must remain valid for 6 months beyond your stay in the United States.

F-1 VISA

An F-1 Visa must be obtained from an American Embassy or Consulate in the student's home country. The Visa page is added to the passport. The dates on the Visa do not represent your authorized stay in the U.S., it merely shows the last day upon which you can use it to enter the United States.

FORM I-20

An I-20 is a United States Department of Homeland Security, specifically ICE and the Student and Exchange Visitor Program (SEVP), document issued by SEVP certified schools that provide supporting information on a student's F-1 visa. To apply for an I-20, please refer to the checklist below.

IMMIGRATION PROCESS AT THE USA PORT ENTRY

PREPARING FOR YOUR TRIP

Before you leave for the United States, familiarize yourself with the different kinds of documents you might need. It is always a good idea to carry your original documents with you at all times. Do not put them in your checked baggage.

It is also a good idea to make at least two sets of copies of these documents: one copy to leave with your family before you depart and one copy to give to your school officials.

Important immigration documents:

- Passport
- Visa
- Form I-20, "Certificate of Eligibility for Nonimmigrant Student Status"
- Proof of admission to Keiser
- I-901 receipt of SEVIS fee

FORM I-94

If you arrive at the port of entry by air or sea, an automated Form I-94 record will automatically be generated for you by U.S. Customs and Border Protection (CBP) officers. The electronic arrival/departure record can be obtained at www.cbp.gov/I94.

I-515A FORM

If you are granted entry to the U.S. after coming with insufficient documentation, you may receive an I-515A Form at the time of entry; which allows you to stay in the U.S. for 30 days. If you receive an I-515A form, you **MUST** come to the International Center to meet with an advisor

REPORTING TO YOUR SCHOOL

You have **30 days** to enter the country before your official program start date, which is recorded in SEVIS. You must report to your school by the program start date listed on the Form I-20 you received.

CANADIAN CITIZENS

If you are a Canadian citizen, you are not required to obtain an entry visa to enter the U.S. on a F-1 or J-1 student status. However, you must present the following upon entering the United States in order to obtain F-1 or J-1 student status:

- A valid Form I-20 (for F-1 status) or DS-2019
- Your Keiser admission letter
- Original financial documents
- Proof of payment of the I-901 SEVIS Fee
- Canadian passport

TRAVEL TIP

Carry all of your documents with you because you will need to have access to these important documents at the port of entry. Do not pack documents in checked baggage.

MAINTAINING STATUS

While studying in the United States, it is important to maintain your F1 student status. Your status relates to the purpose, or reason for why you want to come to the United States. The U.S. Department of State issues you your visa based on your intended purpose.

Maintaining your status means:

- Fulfilling the purpose for why the Department of State issued you your visa.
- Following the regulations associated with that purpose.

When arriving to the United States, students must:

1. ARRIVAL

- Enter the United States no more than 30 days before your program of study begins.
- Immediately contact your designated school official (DSO) when you enter the United States.
- When you arrive at school, you need to contact your DSO again, no later than the program start date listed on your Form I-20, "Certificate of Eligibility for Nonimmigrant Student Status."

2. EDUCATION

- Attend all your classes, and maintain normal academic progress. If school is too difficult, speak with your DSO immediately.
- Enroll in 12 credits each quarter
- Talk to your DSO about requesting a possible program extension if you do not think you will complete your program of study by the end date listed on your Form I-20. An extension must be requested before your program end date.

3. WORK AND PRACTICAL TRAINING

- Get employment authorization BEFORE you start working. • Employment off campus must ALWAYS be authorized, including volunteer work. • Employment hours per week are limited to **20** during the school year (fall, winter, spring quarters), and full-time (over 20 hours) during the summer.

- F1 students are eligible for curricular practical training (CPT) . CPT employment must be an integral part of an established curriculum and the position must directly relate to your major area of study
- F1 students are eligible for OPT optional practical training (OPT) . OPT employment for up to twelve months with some exceptions (**See Campus PDSO for Questions**).

4. UPON PROGRAM COMPLETION

Once you complete your program of study and any authorized period of practical training, F students have 60 days after completion of your program (the program end date on your Form I-20) to leave the United States.

TRAVEL & RE-ENTRY TO THE U.S.

- Passport (valid at least 6 months into the future)
- Valid Visa (with multiple entry stamp)

WORKING & VOLUNTEERING

ON-CAMPUS EMPLOYMENT

Students with F-1 visa are eligible to work on their home campuses while studying in the U.S. A student can begin working up to 30 days before the start date on their I-20. Students may only work on campus while they maintain status. A valid I-20 document serves as proof of work eligibility for on-campus employment.

1. You can work up to **20 hours** per week while school is in session
2. You can work **full-time on campus during holidays** and vacation periods if you intend to register for the next academic semester

Guiding questions to know if my job opportunity is on campus:

- Is the job located on Keiser University Campus?
- Are you paid from the Keiser University?
- Is the employment providing direct service to the university?

OFF-CAMPUS EMPLOYMENT

F-1 students may not work off-campus during the first academic year, but may accept on-campus employment subject to certain conditions and restrictions. After the first academic year, F-1 students may engage in three types of off-campus employment:

- Curricular Practical Training (CPT)
- Optional Practical Training (OPT)
- Science, Technology, Engineering, and Mathematics (STEM)

F-1 students interested in any off-campus training or employment opportunities must be related to their area of study and must be authorized prior to starting any work by the Designated School Official

It is your responsibility to research and understand your on-campus work eligibility. It is generally not the job of Keiser staff outside of PDSO to thoroughly know the immigration regulations. It is possible you will be offered employment that you are not eligible to accept or for your employment eligibility to expire without your payroll coordinator notifying you. Be sure to review all information provided by the PDSO and consult the PDSO if you have any concerns or questions.

VOLUNTEERING

As an F1 student, you may volunteer while you study in the United States, but you must maintain your nonimmigrant student status by complying with Department of Homeland Security rules and regulations.

Here are some important reminders if you plan on volunteering:

- You cannot receive any form of taxable income from your volunteer activity.
- If the volunteer position is one for which an employer would otherwise officially hire someone, you may work there only with all necessary employment authorization.

To find volunteer activities in your area, visit [serve.gov](https://www.serve.gov), where you can read inspiring service stories, create and register your own project, recruit volunteers or share your experiences.

SETTLING IN

ADJUSTMENT TO KU AND THE USA

In an increasingly globalized world, international students who attend school in the United States get an early start in forming multicultural relationships, gaining new perspectives, developing new ways to innovate and problem-solve, and in becoming future ambassadors.

The experience of attending school in another country also introduces challenges, such as culture shock and homesickness, language barriers, and making new friends. However, these obstacles are only temporary and set you up for future success.

Understanding and preparing to embrace differences in classroom instruction and environments ahead of arrival on campuses in the fall can help students start out strong.

CULTURAL ADJUSTMENT

One of the most common challenges of coming to USA to study is the "cultural adjustment/shock." Culture shock is a feeling of disorientation many people feel when experiencing an entirely new way of life. Many international students find it difficult to adjust to the culture of their host country, so we are here to help you deal with culture shock and make the most of your experience abroad.

COMMON SIGN OF CULTURAL SHOCK

Before you leave to study in the USA make sure you're familiar with the typical symptoms of culture shock so you can recognize and combat it early on.

Symptoms of Culture Shock

- Sadness, loneliness, melancholy
- Preoccupation with health
- Aches, pains, allergies
- Insomnia or excessive sleep
- Changes in mood, depression, feeling vulnerable
- Anger, irritability, resentment

- Loss of identity
- Lack of confidence
- Obsessions over cleanliness
- Longing for family
- Feeling of being lost or overlooked
- Boredom or fatigue

- Surround your self with things from home such as photos, or ornaments.
- Keep a healthy diet, and find familiar food
- Meet people and make new friends, both from your culture and other cultures, especially Americans to help you learn about the cultural similarities and differences.
- Take care of your self by getting rest, exercise regularly, and maintain a good hygiene.
- Find activities that will help you meet other students who share your interests
- Maintain your confidence about yourself, and remember that you're here to grow and gain new experiences that will be beneficial in your future.
- Talk about your situation with a close friend that understands, or seek professional help.

CAMPUS SAFETY

SAFETY AND SECURITY

Keiser University considers the safety and security of all university community members integral to its educational mission.

In preparation for natural and man-made emergencies, Keiser University has developed an emergency management strategy that is intended to prevent, prepare, respond and recover from disasters while providing a safe and secure environment to students, staff, faculty and visitors.

BLUE LIGHT PHONES

Blue light telephones are emergency telephones located throughout campus and provide direct communication to the Allied Universal Security Service. Use the phones to report crime, fire or medical emergencies 24 hours a day.

THEFT

Always keep your personal property safe. It is possible that theft of personal property may occur in different areas of campus. It is important to lock the door to your residence at all times, even when sleeping. Many students choose to purchase locks for items of value, such as computers.

STUDENT EMERGENCY RESPONSE

***** In Case of Emergency Always Dial 911*****

911 is the phone number you call to contact an emergency operator. This person will help you get the emergency assistance you need. This emergency number can be used from any phone in the United States

Police and Community Safety:

West Palm Beach Police Department (PBC) creates a strong presence on the campus as well as surrounding areas. They are on campus Thursday through Sunday night. The Keiser's security team (AUS) responds directly to any emergencies in residence halls and other campus buildings.

FIRE EVACUATION

- Evacuation is mandatory when a fire alarm is activated.
- Follow CRT instructions if given.
- Do not use the elevators.
- Assist people with disabilities if possible.

TAXES IN THE USA

All international students inside the United States must file their tax return each year. In 2023 this needs to be done on or before April 18th, 2023. Our tax section has all the information and advice you need to file your tax return and get professional help, if needed.

- Every international student, along with their dependents, will need to file **Form 8843** separately.
- If you have received income in the last calendar year then you will need to file Form 8843 and most likely Form 1040-NR also.
